MODEL NO: CD7400N

STEREO 3CD MINI HI-FI SYSTEM WITH AM/FM RADIO, CASSETTE AND TURNTABLE

INSTRUCTION MANUAL

Please read and retain these instructions for future reference.

CAUTION
RISK OF ELECTRIC SHOCK
DO NOT OPEN

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE COVER OR BACK. NO USER-SERVICE-ABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED PERSONNEL.

This symbol is intended to alert you to the presence of un-insulated dangerous voltage within the product's enclosure that might be of sufficient magnitude to constitute a risk of electric shock. Do not open the product's case.

This symbol is intended to inform you that important operating and maintenance instructions are included in the literature accompanying this product.

IMPORTANT SAFETY INSTRUCTIONS

Careful attention is devoted to quality standards in the manufacturing of your **CD7400 & CD7400B**, and safety is a major factor in its design. However, safety is also your responsibility. This section lists important information that will help you properly use and enjoy your **CD7400 & CD7400B** and accessories. Read all the included safety and operating instruction before using your **CD7400 & CD7400B** follow them closely, and retain them for future reference.

Heed Warnings:

Follow all warnings on the product and in the operating instructions.

Cleaning:

Unplug this product from the wall outlet before cleaning. Use only a damp cloth for cleaning. Do not use liquid or aerosol cleaners.

Attachments:

Do not use attachments accessories not recommended by the product manufacturer, as they might create a hazard.

Water and Moisture:

Do not use this product near water (for example, near a bathtub, washbowl, kitchen sink, or laundry tub; in a wet basement; or near a swimming pool).

Caution:

Do not place this product on an unstable stand, tripod, bracket, or table. The product may fall, causing serious injury to a child or adult, and serious damage to the product.

Ventilation:

Slots and openings in the cabinet provide ventilation, ensure reliable operation, and protect from overheating. Do not block or cover these opening, and do not place the product on a bed, sofa, rug, or other similar surface. Do not place the product in a built-in installation such as a bookcase or rack unless it provides proper ventilation.

Power Sources:

Operate this product using only the power source indicated on its marking label. If you are not sure of your home's power type, consult your product dealer or local power company.

Power Cord Protection:

Route power cords so they are not likely to be walked on or pinched by items placed on or against them. Pay particular attention to cords at plugs, convenience receptacles, and the point where they exit from the product.

Non-use Periods:

Unplug the product's power cord when you will not use it for extended periods.

Lightning:

For added protection for this product during a lightning storm, or when it is left unattended and unused for long periods, unplug it from the wall outlet. This will prevent damage to the product due to lightning and power surges.

Overloading:

Do not overload wall outlets, extension cords, or integral convenience receptacles, as this can result in a risk of fire or electric shock.

Object and Liquids:

Never push objects of any kind into this product through openings, as they may touch dangerous voltage points or short out parts that could result in a fire or electric shock. Never spill liquid of any kind on the product.

Servicing:

Do not attempt to service this product yourself, as opening or removing covers may expose you to dangerous voltage or other hazards. **Refer all servicing to qualified service personnel.**

Damage Requiring Service:

Unplug this product from the wall outlet and refer servicing to qualified service personnel under the following conditions:

- **When the power cord or plug is damaged.**
- **If liquid has been spilled on, or objects have fallen into the product.**
- **If the product has been exposed to rain or water.**
- **If the product does not operate normally by following the operating instructions, adjust only those controls that are covered by the operating instructions. Improper adjustment of other controls may result in damage and will often require extensive work by a qualified technician to restore the product to normal operation.**
- **If the product has been dropped or damaged in any way.**
- **When the product exhibits a distinct change in performance.**
- **Please refer to the product warranty card (included).**

Replacement parts:

When replacement parts are required, be sure the service technician uses replacement parts specified by the manufacturer or having the same characteristics as the original part.

Unauthorized substitutions may result in fire, electric shock, or other hazards.

Safety Check:

Upon completion of service or repairs to this product, ask the service technician to perform safety checks to determine that the product is in proper operating condition.

Heat:

The product should be situated away from heat sources such as radiators, heat registers, stoves, or other products (including amplifiers) that produce heat.
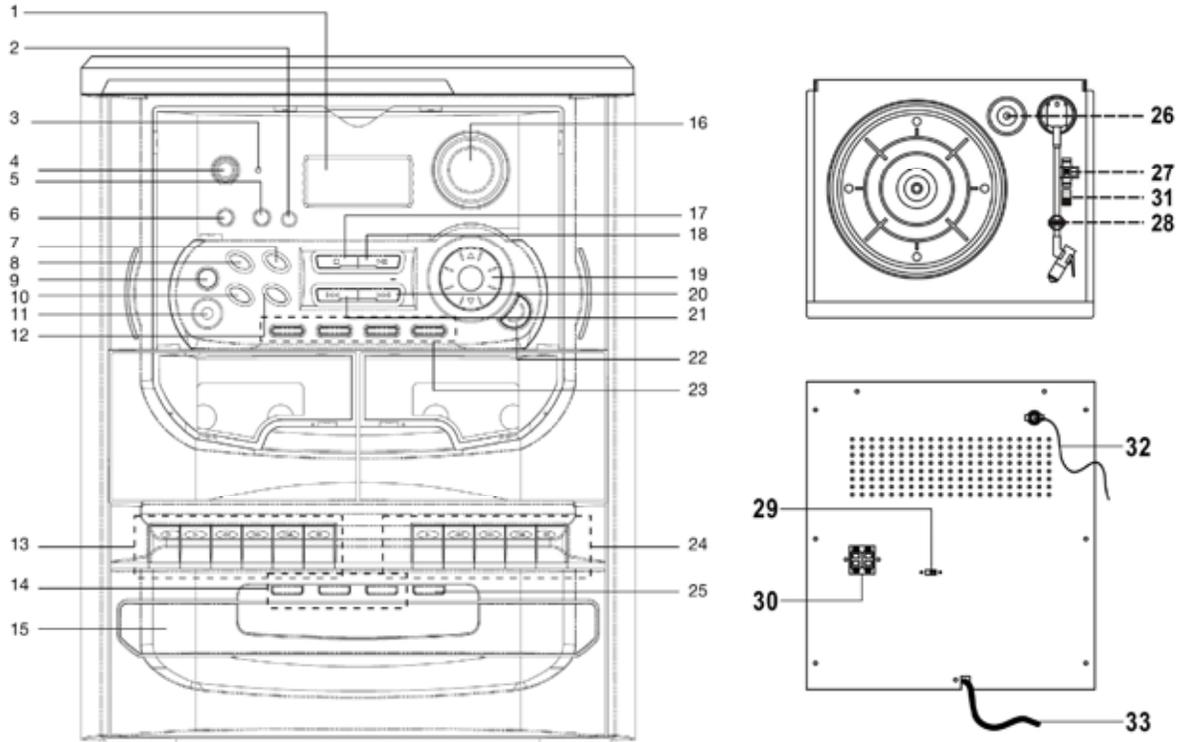

Connection:

Make sure before start connecting the unit to any extras, the power cord must be disconnected from the **A/C 240** Volts power outlet. **This avoiding: electric shock, or other hazards.**

Laser:

Do not open, CD lid or remove the cabinet cover. Expose to laser may cause damage to eyesight.
