CAUTION

RISK OF ELECTRIC SHOCK
DO NOT OPEN

The lightning flash with the arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of "uninsulated dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to a person.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the unit.

Safety Precautions

Warning: To prevent fire or electric shock, do not expose this appliance to rain or moisture.

IMPORTANT SAFEGUARDS

Caution: Please carefully read all of the following important safeguards to ensure safe operation.

1.Read Instructions:

All the safety and operating instructions should be read before the appliance is operated.

2.Retain Instructions:

The safety and operating instructions should be retained for future reference.

3.Follow Instructions:

All operating instructions should be followed.

4.Heed Warnings:

All warnings on the unit and the operating instructions should be adhered to.

5.Power Source:

The appliance should be connected based on instructions.

6.Heat:

Keep the unit away from heat sources such as radiators,refrigerators,stoves or other appliances that may radiate heat.
7.Non-use Periods:

The power cord of the unit should be unplugged from the outlet when you do not use it for a long time.

8.Damage requiring service:

The unit should be repaired by qualified service personnel in the following cases:

a. The power plug or cable has been damaged;

b. Objects have fallen or liquid has been spilled on the appliance;

c. The appliance has been exposed to rain;

d. The appliance is functioning abnormally.
