

**LENOXX**  
PDVD1500

# 15.4" SWIVEL PORTABLE DVD PLAYER

**MODEL NO: PDVD1500**

**BATCH NO: PR4089**

## **INSTRUCTION MANUAL**

Please read and retain this info for future reference.

**Features:**

- Lightweight, Compact & Portable
- Hi-Res HD Widescreen Display
- Top-Loading CD/DVD Tray
- Built-in Rechargeable Battery
- Dual Full Range Stereo Speakers
- USB Flash & SD Memory Card Readers
- Versatile Digital Media File Compatibility
- Audio, Image & Video File Support
- Swivel Angle Adjustable Display Screen
- Top Panel Button Controls
- Speaker: 3W (2 X 1.5W)
- Headphone Jack, 3.5mm
- Copy MP3 files from a CD to USB stick
- Display Type: 15.4" -inch LCD (16:10)
- Monitor Rotation: 270 Degree Left/Right
- Battery: 2500mAh, Li-thium battery 7.4V
- Battery playback time after full charge: 2 hours
- Battery re-charge time: 5 – 6 Hours
- Resolution size pixels: 1280 x 800
- Frequency Response: 20-20kHz
- Dynamic Range: >85dB
- T.H.D.: <1.0%
- CD/DVD Compatibility Type: VCD, CD-RW, DVD-R
- Digital Media File Support: AVI, MP3, WMA, JPG, VCD, EVD, VOB
- Maximum USB/SD Flash Memory Support: Up to 32GB
- Power: 100/240V (12V DC Power Adapter)

## IMPORTANT SAFETY INSTRUCTIONS AND PRECAUTIONS

### Warning:

TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT EXPOSE TO MOISTURE. DO NOT REMOVE COVER (OR BACK). NO USER-SERVICEABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONNEL. SERVICE MUST BE CARRIED OUT BY QUALIFIED PERSONNEL ONLY, OR THE WARRANTY IS NOT VALID.

 The lightning flash with arrowhead symbol, within an equilateral triangle, is intended to alert the user to the presence of non-insulated dangerous voltage within the product. This may be of sufficient magnitude to constitute a risk of electric shock to persons.

 The exclamation point within an equilateral triangle is intended to alert user to the presence of important operating procedures and maintenance (service) instructions in the literature accompanying the appliance.

**Laser product symbol:** located on the rear panel of the unit (in some cases at the bottom side), indicates that this player is a class 1 laser product, it uses only weak laser and no hazardous radiation outside of the unit.

### Installation

Ensure that the portable DVD player is installed in accordance with the instructions and illustrations provided in this manual.

## General Precautions

- 1) Read through this instruction manual before installation and use.
- 2) Do not touch the power plug with wet hand.
- 3) Switch off the main power when the unit is not in use. (Disconnect the power plug from the power outlet when you do not intend to use the unit for a longer period of time.)
- 4) Do not open the cover or touch any of the components inside the unit, only for qualified technicians.
- 5) Do not expose the unit to direct sunlight or nearby objects that radiate heat to avoid damage to the unit.
- 6) Do not place the unit in moist and humid environments.
- 7) Please ensure the ventilation holes are not covered to avoid overheating and malfunction.
- 8) Clean the panel and case with soft dry cloth only, do not apply any kind of thinner, alcohol or sprays.
- 9) The apparatus shall not be exposed to dripping or splashing, nor should any objects filled with liquids, such as vases, be placed on the apparatus.

## Clean the Machine

- 1) Please ensure the machine is power off before cleaning.
- 2) Do not use any chemicals or cleaning agents to clean the machine.
- 3) Use slightly damp cloth to clean the outside of the machine.

## Do not Open

To reduce the risk of Electric Shock, Do not remove cover (or back). No user-serviceable parts inside. Refer servicing to qualified service personnel.

## Care of Disc

- 1) Do not place disks near heat sources such as direct sunlight or high humidity areas.
- 2) Stack disks on top of each other, in the same way.
- 3) Do not touch the disk surface, hold the disc by the edges.
- 4) Do not use adhesive tape on the disk surface.
- 5) Wipe the disk from inside to outside with a soft cloth.
- 6) Do not use gasoline, non-disc special or antistatic cleaning agents to clean the disc because these substances will cause damage.

## **WHATS IN THE BOX**

1 x Main DVD player with 15.4" LCD screen	1 x Remote control (batteries not included, requires 2 x AAA batteries)
1 x 12V DC car charger	1 x 240V AC power adapter
1 x AV lead	1 x Instruction manual
1x Warranty card	

***Please check the contents of the packaging carefully.***

## **INSTALLATION**

### **Indoor Use**

1. Locate a spare mains outlet and turn it OFF.
2. Plug the supplied AC adaptor into the outlet.
3. Connect the other end to the SC9-12V/2A DC power input socket on the side of the DVD player.
4. Turn the main outlet ON.
5. Turn the main Power Switch on the Player to the ON position.

### **In-car Use**

1. With the vehicle ignition off, connect the supplied car charger to the vehicle power outlet.
2. Connect the other end to the SC9-12V/2A DC power input on the side of the DVD player.
3. Turn the vehicle ignition to ON or ACC to power the outlet and slide the DVD player power switch to the ON position.

***Note: Care should be taken with all cable and connections with the DVD player. Please ensure that there is no tension on any connection as this may damage the units. Tidy any excess cabling to trip hazards that may damage the player.***

### Batteries in the remote control

1. Remove the battery cover from the rear of the remote control.
2. Add 2 x AAA batteries (not included) to the remote as per the polarity directions in the battery compartment in the remote control.
3. Put the battery cover back onto the rear of the remote control.

#### Note:

1. Do not use re-chargeable batteries in the remote control, because they lose power at a slower rate.
2. Do not mix different brands and type of batteries, do not use old and new batteries together.
3. When the remote control function is not strong or control range is small, replace the batteries.
4. If the remote control will not be used for a long time, remove the batteries to avoid damage to the remote control from battery leakage or corrosion.
5. Do not use the remote control in hot or humid conditions.
6. Do not disassemble the remote control.

### Basic Function Operation

#### 1. Operation

Connect either the 240V mains power adaptor (indoor use) or the 12V car adaptor (in car use) to the DC input socket on the DVD player.

Switch the ON button on the machine to turn on the DVD player.

Turn the switch to OFF when not in use.

#### 2. Place disc

- 1) Press OPEN to open the disc cover.
- 2) Hold the edge of the disc insert the disc.
- 3) Close the disc cover.

#### 3. Play /Pause

- 1) This player will automatically play once the disc is loaded.
- 2) Press ►|| to pause
- 3) Press ►|| once more to resume play.

#### 4. Play back from USB/SD/MMC memory card

Press the SD/USB button to play back from USB or memory card.

## **5. TFT picture adjustment**

Press LCD MENU to access the LCD setup menu for adjustment.

Use the directional arrow buttons on the remote control to select the desired submenu function and use the left or right arrows to adjust the function.

- 1) BRIGHTNESS
- 2) CONTRAST
- 3) COLOUR
- 4) TINT
- 5) RATIO
- 6) DEFAULT – if this option is selected, the function setting is restored back to the factory settings.

## **6. Character display**

Press OSD to show disc information and operation function and press OSD once again to turn off the display.

## **7. DVD disc menu play**

Some DVD discs are recorded with title menu or chapter menu.

When MENU button on the remote controller is pressed, the screen will display the menu at your choice. Press direction buttons to adjust and press ENTER to confirm and press number buttons to select. Press MENU button again to return root menu. Press TITLE button once again to return title menu.

## **8. Select chapter play direct by number button**

Press number buttons to directly select the chapter to play once the player finished the disc reading.

- 1) Press number buttons 1-9 for the chapters with the number less than 10.
- 2) For the chapters with the number above 10, press 10+ button (it switches to 20+, 30+...when pressed in succession) , before pressing number button 0-9

## **9. DVD Menu Setup**

### **1) System Setup Page**

a. Screen Display: NTSC & PAL & AUTO

b. Last Memory State: When the DVD player is powered off, the system can resume playback from its last position when the DVD player is turned on again. The options are ON or OFF.

c. Screen Saver: The options are ON or OFF.

d. Display Type: The options are:

4:3 PS: When a wider screen video is played, the left and right edges of the video will be cut off.

4:3 LB: When a wider screen video is played, the top and bottom of the screen will have black strips.

16:9: Suitable for a wide screen display

Note: the play effect is related to the ratio of the video recorded. Therefore, some videos may not be played in the screen size you have chosen.

e. Password: works with classification disc.

The default password for this model is 0000.

Initially, this option is set as 'password lock.

To revise the password, the old password must be entered and then a new password can be added by using the numerical keys. The new password must be 4 digits in length.

f. Rating (Age limit). For use with a disc which allows for this function. You can choose an age control level. The options you can choose from are:

1. Kid Safe.
2. G.

- 3. Pg
- 4. Pg 13
- 5. Pg-R
- 6. R
- 7. NC 17
- 8. Adult

This function is only suitable for a disc with the level limit system. This function will only work when the password function has been released.

g. Default Value: Factory Reset. When this is chosen
